

Dear Hiring Manager,

I am writing to express my strong interest in the Global Custody Analyst position at Apex Group. With 2.5 years of specialized experience in prime brokerage operations at Morgan Stanley and a proven track record in financial operations, I am confident in my ability to contribute meaningfully to your custody team.

In my role at Morgan Stanley's Glasgow office, I developed deep expertise in the core functions essential to global custody operations. I have managed trade settlement workflows, performed detailed reconciliation across multiple asset classes, processed counterparty payments, and generated FX reporting to regulatory standards. My responsibilities during month-end close processes have strengthened my ability to manage time-sensitive deliverables with precision and attention to detail.

My background extends beyond trade operations. During my tenure at Mphasis as an Operations Analyst, I identified process inefficiencies and implemented optimization solutions that enhanced team productivity. This experience reinforced my analytical capabilities and stakeholder management skills, which I believe are vital for coordinating with clients and internal teams in a custody environment.

My technical proficiency in Excel/VBA, Bloomberg, and data analysis tools, combined with my MSc in Investment and Risk Finance (Distinction) from University of Westminster, provides me with both practical expertise and theoretical understanding of complex financial instruments and risk frameworks.

I am particularly drawn to Apex Group's reputation for operational excellence and client-centric service delivery. I am eager to bring my technical skills, regulatory awareness, and commitment to accuracy to your team.

Thank you for considering my application. I look forward to discussing how my experience aligns with your requirements.

Yours sincerely,
Nidhi Shetty
