

Dear Hiring Manager,

I am writing to express my strong interest in the Manager, Alternatives Operations position at PIMCO Europe. With 2.5 years of specialized experience in prime brokerage operations at Morgan Stanley and a proven track record in process optimization, I am confident in my ability to drive operational excellence within your alternatives platform.

In my current role at Morgan Stanley's Glasgow office, I have developed deep expertise in trade settlement, reconciliation, and counterparty payment management. I have consistently ensured accurate month-end close processes and maintained comprehensive FX reporting while managing complex reconciliation tasks across multiple systems. This experience has equipped me with the technical knowledge and attention to detail essential for managing alternatives operations at an institutional scale.

My background at Mphasis further strengthened my capabilities in process optimization and data validation. I have successfully identified inefficiencies, implemented streamlined workflows, and collaborated with stakeholders across functions to deliver sustainable operational improvements. Combined with my advanced proficiency in Excel/VBA, Bloomberg, and financial data analysis, I bring both analytical rigor and practical problem-solving skills.

My MSc in Investment and Risk Finance (Distinction) from the University of Westminster has provided me with comprehensive knowledge of alternative investment structures, risk management frameworks, and regulatory considerations that are fundamental to this role.

I am particularly drawn to PIMCO's reputation for operational excellence and innovation. I am excited about the opportunity to contribute to your alternatives operations team and support the delivery of robust, scalable operations that enhance client service.

Thank you for considering my application. I look forward to discussing how my experience aligns with your requirements.

Yours sincerely,
Nidhi Shetty
