I am writing to express my strong interest in the Client Service Representative position. With 2.5 years of experience at Morgan Stanley's Prime Brokerage division and a Master's degree in Investment & Risk Finance (Distinction), I bring a solid foundation in financial services combined with a genuine passion for delivering exceptional client outcomes.

At Morgan Stanley in Glasgow, I developed deep expertise in trade settlement, reconciliation, corporate actions, and post-trade operations-experience that has sharpened my attention to detail, problem-solving abilities, and capacity to manage complex queries under tight deadlines. Working within Prime Brokerage exposed me to sophisticated client needs and institutional workflows, giving me a strong understanding of how to support clients effectively across the trade lifecycle.

My technical proficiency in Excel/VBA, Bloomberg, CTM, and Refinitiv Eikon enables me to analyse data efficiently and resolve issues with precision. Additionally, my current role as an Advertising Account Manager has strengthened my client relationship management, communication, and stakeholder coordination skills-competencies that translate directly to a client service function in finance. I am now eager to return to the financial services industry where my expertise and enthusiasm are best applied.

I would welcome the opportunity to discuss how my background aligns with your team's needs. I do require Skilled Worker visa sponsorship and would be happy to provide further details on this. I look forward to hearing from you.
