#1 — Trade Support Analyst | JP Morgan

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am writing to apply for the Trade Support Analyst role within JP Morgan's Prime Finance Trading Services team. Having spent over a year at Morgan Stanley's Prime Brokerage desk managing pre-matching and settlement of equity and fixed income trades for hedge fund clients, this role aligns directly with my experience and career ambitions.

At Morgan Stanley, I executed daily start-of-day and end-of-day risk controls, managed equity swap lifecycle events including corporate actions and expiries, and worked to maximise Straight-Through Processing rates — improving STP by 10% through reconciliation tools I built in Python and Excel. I collaborated daily with Front Office, Middle Office, and Back Office teams to resolve trade capture exceptions and settlement failures, often under same-day deadlines across US, EMEA, and APAC markets.

I bring strong knowledge of equity swaps, cash equities, and derivative products, along with hands-on experience supporting Prime and Hedge Fund trading desks. My proficiency in advanced Excel and Python (pandas, numpy) allows me to generate analytical reports and automate exception-flagging processes — skills directly relevant to this role. I would welcome the opportunity to contribute to JP Morgan's Prime Finance team and further develop my expertise in a market-leading institution.

I look forward to discussing how my experience can add value to your team.

Kind regards,
Nidhi Shetty

#2 — Corporate Treasury - Trade Processing Analyst | Goldman Sachs

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Corporate Treasury Trade Processing Analyst position in London. With over two years of experience in Operations and Middle Office trade lifecycle management — including settlement, reconciliation, and post-trade controls — I am confident I can contribute effectively to your Funding and Execution Trading Desk.

In my role at Morgan Stanley's Prime Brokerage, I managed the complete trade lifecycle for fixed income and equity products across global markets, processing \$10M+ in daily volume. I operated in a high-pressure, deadline-driven environment where accuracy and speed were non-negotiable — resolving settlement failures involving tri-party repos and cross-border custody transfers, often reducing resolution time from three days to same-day. I am comfortable working within trader-led workflows with rapidly shifting priorities, and I understand the importance of clear, fast communication with trading desks and partner teams.

Goldman Sachs' Corporate Treasury division — managing money market deposits, structured repos, collateral upgrades, and swaps — represents the natural next step for my career. I am eager to bring my settlement expertise, problem-solving ability, and operational discipline to your team.

Kind regards,
Nidhi Shetty

#3 — Liquidity Trade Operations Analyst | Goldman Sachs

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am writing to express my interest in the Liquidity Trade Operations Analyst role supporting Goldman Sachs' Repo Trading and Sales desks. My background in fixed income settlement and middle office operations at Morgan Stanley maps closely to the responsibilities outlined for this position.

During my tenure at Morgan Stanley, I performed daily position reconciliations, managed electronic and manual client allocations, and monitored risk exposure from unbooked and unmatched trades — escalating issues promptly to prevent settlement failures. I developed a strong operational management track record, handling multiple concurrent processes across global markets while maintaining precision under tight deadlines.

I am proficient in Excel and have built reconciliation and reporting tools that streamlined post-trade workflows. My knowledge of securities and repo products, combined with assertive stakeholder engagement across regions and business disciplines, makes me well-positioned to support your Repo Trading desk. I would welcome the opportunity to contribute to process development and re-engineering initiatives within Goldman Sachs' Global Banking & Markets division.

Kind regards,
Nidhi Shetty

#4 — Equity Derivatives Trade Support Analyst | Bank of America

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Equity Derivatives Trade Support Analyst position at Bank of America. With a Master's degree in Investment and Risk Finance (Distinction) and direct operational experience supporting equity and derivative trades at Morgan Stanley's Prime Brokerage, I meet both the academic and practical requirements for this role.

At Morgan Stanley, I supported hedge fund and institutional clients across equity swaps, futures, and options — managing lifecycle events, verifying trade captures, and resolving settlement exceptions across global markets. I developed strong proficiency in risk management systems (SafeGUI, TM) and advanced Excel, and have built Python-based tools for automating reconciliation processes and exception monitoring.

I understand the dynamics of equity derivatives trading desks and the operational rigour required to support them. My analytical problem-solving skills, combined with adaptability in fast-paced environments, would allow me to contribute effectively from day one.

Kind regards,
Nidhi Shetty

#5 — Equity Trade Control Analyst | Bank of America

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am writing to apply for the Equity Trade Control Analyst role at Bank of America. My experience at Morgan Stanley's Prime Brokerage, where I managed equity swap processing, pre-matching, and settlement controls across global markets, is directly relevant to this position.

I have hands-on experience verifying and escalating trade capture exceptions, executing daily risk controls, and ensuring accurate processing of corporate actions and lifecycle events. My technical skills include advanced Excel and Python (VBA, pandas), which I have used to build automated monitoring tools that flag discrepancies before they escalate into settlement failures.

I am drawn to Bank of America's emphasis on strong control frameworks and would bring both the operational discipline and technical capability required to maintain the integrity of equity trade processing in your team.

Kind regards,
Nidhi Shetty

#6 — Securities & Derivatives Analyst (Intermediate) | Citi

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Securities & Derivatives Analyst role at Citi. My experience in reconciliations and markets operations at Morgan Stanley — a Tier 1 bank — aligns with the essential requirements for this position.

At Morgan Stanley, I managed trade reconciliation processes across fixed income and equity products, identified and resolved breaks in settlement workflows, and ensured compliance with regulatory requirements including CSDR. I worked across North American, European, and Asia-Pacific markets, developing a strong understanding of exchange-traded and OTC derivatives processing.

My analytical capabilities, attention to detail, and experience in a Tier 1 institution's operations function make me well-suited to contribute to Citi's Markets Operations team. I look forward to bringing my reconciliation expertise and operational rigour to your London office.

Kind regards,
Nidhi Shetty

#7 — Capital Markets Middle Office Specialist (AVP) | Wells Fargo

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Capital Markets Middle Office Specialist (AVP) position at Wells Fargo. With direct experience in middle office operations across rates, fixed income, and equity products at Morgan Stanley, I am confident in my ability to contribute to your Capital Markets team.

My background includes managing pre-matching and settlement across DTC, Euroclear, and Clearstream systems, resolving complex cross-border custody transfers, and collaborating with traders and compliance stakeholders on margin call discrepancies. I have advanced Excel and VBA proficiency, having built reconciliation and automation tools that improved operational efficiency.

While my primary systems experience has been with SafeGUI and TM, I have strong aptitude for learning new platforms quickly and am familiar with the workflows that systems like TOMS, OPICS, and Markitwire support. I would welcome the opportunity to bring my settlement operations expertise and analytical skills to Wells Fargo's London office.

Kind regards,
Nidhi Shetty

#8 — Trading Services Associate | JP Morgan

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am writing to apply for the Trading Services Associate role at JP Morgan. My experience in trading support and operations at Morgan Stanley, where I managed front-to-back processes including confirmations, settlements, and exception management for derivatives products, is directly applicable to this position.

I have operational expertise in swaps, equity derivatives, and cross-border settlement, and understand the full trade lifecycle from execution through to final settlement. I am proficient in Excel (including VBA) and have built automated tools for exception flagging and reconciliation. My ability to work under pressure, manage multiple concurrent priorities, and communicate clearly with trading desks and control functions has been tested daily in a global prime brokerage environment.

I am excited about the opportunity to bring this experience to JP Morgan's Trading Services team and contribute to the operational excellence that supports your trading desks.

Kind regards,
Nidhi Shetty

#9 — FIC Securities Settlements Senior Analyst | ICBC Standard Bank

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the FIC Securities Settlements Senior Analyst role at ICBC Standard Bank. Fixed income settlement has been central to my career — at Morgan Stanley, I managed pre-matching and settlement of fixed income trades across global markets, handling tri-party repos and cross-border custody transfers for institutional clients.

I have a strong understanding of the fixed income settlement lifecycle, experience resolving complex settlement failures under same-day deadlines, and the operational discipline required to maintain high STP rates. My background includes monitoring post-trade exceptions, escalating potential risks, and ensuring compliance with settlement regulations including CSDR and T+1 requirements.

I would bring proven fixed income operations expertise to ICBC Standard Bank's FIC team and look forward to contributing to your settlement operations in London.

Kind regards,
Nidhi Shetty

#10 — Junior Trade Support Analyst | Cantor Fitzgerald

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Junior Trade Support Analyst position at Cantor Fitzgerald. With a Master's in Investment and Risk Finance and operational experience at Morgan Stanley's Prime Brokerage, I bring both the financial markets awareness and the practical skills this role requires.

I am proficient in Microsoft Excel and Bloomberg, have strong numerical and analytical capabilities, and thrive in deadline-driven environments. At Morgan Stanley, I developed a deep understanding of securities and derivatives markets, managed trade lifecycle events, and collaborated across multiple teams to resolve operational issues efficiently.

I am drawn to Cantor Fitzgerald's entrepreneurial environment and would welcome the opportunity to apply my curious mindset and investigative approach to supporting your trading operations. I am eager to learn and grow within your team.

Kind regards,
Nidhi Shetty

#11 — Associate, Middle Office - EMEA Equity | Balyasny

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Associate, Middle Office - EMEA Equity position at Balyasny Asset Management. With over two years of trade support and middle office experience at Morgan Stanley's Prime Brokerage, I meet the core requirements for this role and am excited about the opportunity to work at a leading multi-manager hedge fund.

My experience encompasses the full equity and equity swaps trade lifecycle — from trade capture and pre-matching through corporate actions (both mandatory and voluntary) to final settlement. I have worked daily with Bloomberg and am familiar with CTM workflows for trade matching. At Morgan Stanley, I collaborated with portfolio managers, traders, and account managers to reconcile positions, monitor P&L exposure, and ensure timely settlement across EMEA and global markets.

I am drawn to Balyasny's collaborative culture and the opportunity to support equity strategies at a firm known for operational excellence. I would bring both the technical knowledge and the proactive problem-solving mindset needed to excel in this role.

Kind regards,
Nidhi Shetty

#12 — Derivatives Operations Analyst | Wellington Management

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Derivatives Operations Analyst role at Wellington Management. With experience in middle office operations at Morgan Stanley, including trade settlement, reconciliation, and risk management across global markets, I am well-positioned to support your cleared and bilateral derivatives operations.

My background includes processing daily margin-related activities, managing reconciliations between internal systems and external counterparties, and resolving discrepancies under tight deadlines. I am proficient in Excel and Python (pandas, numpy), and have built automation tools that reduced manual processing time and improved accuracy — skills directly relevant to your emphasis on process improvement and efficiency.

I appreciate Wellington's encouragement that candidates who don't meet 100% of qualifications should still apply. While my derivatives experience has been primarily in equities and fixed income, I am a fast learner with strong foundational knowledge and am eager to expand into cleared derivatives, collateral management, and the broader OTC space. The hybrid work structure and collaborative team environment are exactly the setting where I thrive.

Kind regards,
Nidhi Shetty

#13 — Commodities Trade Support Specialist | Millennium

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Commodities Trade Support Specialist role at Millennium. While my primary experience has been in equity and fixed income operations at Morgan Stanley, my trade support skills — lifecycle management, settlement, reconciliation, and risk escalation — are directly transferable to commodities.

At Morgan Stanley, I managed trade lifecycle processes across global markets, built Python and Excel tools to automate exception monitoring, and collaborated with trading desks and compliance teams to resolve complex settlement issues. I understand the operational rigour that a multi-strategy hedge fund like Millennium demands, and I am confident in my ability to adapt quickly to commodity-specific workflows and products.

I would welcome the opportunity to apply my trade support expertise in a new asset class and contribute to Millennium's operational infrastructure.

Kind regards,
Nidhi Shetty

#14 — TSS Operations Associate | Two Sigma

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the TSS Operations Associate position at Two Sigma. My experience in trade operations at Morgan Stanley — managing settlement, reconciliation, and post-trade controls across global markets — aligns with the operational excellence that Two Sigma requires to support its trading strategies.

I am proficient in Excel and Bloomberg, and have developed automation tools in Python that improved operational efficiency and reduced manual processing time. My background includes monitoring trading activity, resolving settlement exceptions, and collaborating with multiple internal teams to ensure accurate and timely trade processing.

Two Sigma's quantitative and technology-driven approach to trading is compelling, and I am excited about the opportunity to contribute operationally in an environment that values analytical rigour and continuous improvement. While I do not currently hold a FINRA Series 7 or 99 license, I am prepared to obtain these credentials if required.

Kind regards,
Nidhi Shetty

#15 — Operations | Capstone Investment Advisors

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Operations role at Capstone Investment Advisors. With experience in fund operations, trade reconciliation, and multi-asset settlement at Morgan Stanley, I bring the operational foundation your team requires.

My background includes daily reconciliation of positions and cash across multiple asset classes, resolving trade breaks, and building Excel-based tools (including VBA) to automate routine operational tasks. I have a strong understanding of fund accounting workflows and the precision required to support trading operations at an institutional level.

I am drawn to Capstone's focus on systematic strategies and would welcome the opportunity to contribute to your London operations team, supporting fund reconciliation and trade lifecycle processes.

Kind regards,
Nidhi Shetty

#16 — Trade Support - \$30bn+ Hedge Fund | OCR Alpha

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

LinkedIn message to Alexander Ashton:

Hi Alexander,

I came across the Trade Support role at the \$30bn+ hedge fund you're recruiting for and would like to express my interest. I have over two years of prime brokerage trade support experience at Morgan Stanley, managing equity and fixed income settlement across US, EMEA, and APAC markets for hedge fund clients. My skills include Python automation, Bloomberg, and advanced Excel, and I improved STP rates by 10% through reconciliation tooling.

I'd welcome a conversation to learn more about the role. I've attached my CV for reference. Would you have time for a brief call this week?

Best regards,
Nidhi Shetty

#17 — Operations Associate - Global Macro Fund | OCR Alpha

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

LinkedIn message to Alexander Ashton:

Hi Alexander,

I'm interested in the Operations Associate role at the Global Macro Fund in London. My background includes middle office operations at Morgan Stanley's Prime Brokerage — managing trade settlement, reconciliation, and risk controls across fixed income and equity products for institutional clients globally.

I've built Python-based automation tools, have Bloomberg proficiency, and am experienced in collaborating with trading desks and compliance stakeholders. I'm looking to bring these skills to a buy-side environment where I can take on broader front-to-back operational responsibility.

Would you be open to a quick call to discuss the role in more detail? Happy to share my CV.

Best regards,
Nidhi Shetty

#18 — Middle Office Analyst (Equities) - Hedge Fund | Mondrian Alpha

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Middle Office Analyst (Equities) position at the hedge fund you are recruiting for. With over two years of experience in an operations role at Morgan Stanley's Prime Brokerage, I bring direct expertise in equity trade lifecycle management, corporate actions, and settlement across global markets.

My experience includes managing relationships with outsourced service providers, reconciling positions and P&L, and using Bloomberg daily for trade matching and market data. I am comfortable operating in a hedge fund client-facing environment and understand the operational demands of supporting equity trading desks.

I would appreciate the opportunity to discuss this role further and understand how my background aligns with the fund's specific requirements.

Kind regards,
Nidhi Shetty

#19 — Operations Analyst - Hedge Fund (£125-175k TC) | Mondrian Alpha

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am writing to express my interest in the Operations Analyst role at the hedge fund you are recruiting for. My background in prime brokerage operations at Morgan Stanley, combined with my technical skills in Python and advanced Excel, positions me to contribute at a senior operational level in a buy-side environment.

At Morgan Stanley, I managed complex settlement processes across multiple asset classes and geographies, built automated reconciliation tools, identified and escalated regulatory risks, and collaborated with senior stakeholders on margin and compliance matters. I am seeking an environment where I can take on broader operational ownership and contribute strategically to a fund's infrastructure.

I would welcome a conversation to understand the specific requirements and discuss how my experience aligns with the fund's needs.

Kind regards,
Nidhi Shetty

#20 — Analyst, Systematic Credit Investment Ops | Ares Management

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Analyst, Systematic Credit Investment Operations role at Ares Management. My background in trade operations at Morgan Stanley, combined with my Master's in Investment and Risk Finance (Distinction), provides a strong foundation for supporting Ares' systematic credit strategies.

I have hands-on experience in trade lifecycle management, settlement, and reconciliation across fixed income and equity products. I am proficient in Excel and Python, and understand the operational controls required to support institutional investment processes accurately and efficiently.

Ares Management's position as a leading alternative investment manager is compelling, and I am excited about the opportunity to contribute to your credit operations team in London. I am eager to apply my quantitative skills and operational discipline in the alternative credit space.

Kind regards,
Nidhi Shetty

#21 — Financing Operations Associate (MO) | Natixis

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

LinkedIn message to Kirsty Toerien:

Hi Kirsty,

I'm writing to express my interest in the Financing Operations Associate (Middle Office) role at Natixis. I have over two years of middle office experience at Morgan Stanley's Prime Brokerage, managing settlement and trade lifecycle processes for fixed income and equity products across global markets.

My skills include Python automation, advanced Excel (VBA, Power Query), and Bloomberg — and I've worked closely with trading desks, compliance, and account managers to resolve settlement failures and margin discrepancies. I'm now looking to bring this experience to Natixis' financing operations team.

Would you be available for a brief call to discuss the role? I'd be happy to share my CV and discuss how my background fits.

Best regards,
Nidhi Shetty

#22 — Middle Office Analyst | Engelhart

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Dear Hiring Manager,

I am applying for the Middle Office Analyst position at Engelhart. While my primary experience has been in equity and fixed income operations at Morgan Stanley, my core middle office skills — trade lifecycle management, reconciliation, P&L monitoring, and risk control — are directly transferable to a commodity trading environment.

At Morgan Stanley, I processed trades across global markets, resolved settlement exceptions, and built automation tools in Python and Excel that improved operational efficiency. I am analytical, detail-oriented, and experienced in working closely with trading desks to ensure accurate and timely trade processing.

I am excited about the opportunity to apply my operational expertise in the commodities space at Engelhart and would welcome a conversation about how I can contribute to your London team.

Kind regards,
Nidhi Shetty

#23 — Operations Analyst | Mesarete Capital

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

Email to: hiring@mesaretecapital.com

Subject: Application — Operations Analyst

Dear Hiring Team,

I am writing to apply for the Operations Analyst role at Mesarete Capital. With over two years of trade operations experience at Morgan Stanley's Prime Brokerage, I bring direct expertise in settlement, reconciliation, and trade lifecycle management across equity and fixed income products.

At Morgan Stanley, I managed pre-matching and settlement for hedge fund and institutional clients across US, EMEA, and APAC markets, processing \$10M+ in daily trade volume. I built Python and Excel reconciliation tools that improved Straight-Through Processing rates by 10%, resolved complex settlement failures under same-day deadlines, and collaborated with compliance stakeholders on risk escalation and regulatory adherence.

My technical toolkit includes Python (pandas, numpy), advanced Excel (VBA, Power Query), Bloomberg Terminal, and trade management systems (SafeGUI, TM). I hold an MSc in Investment and Risk Finance (Distinction) from the University of Westminster.

I am drawn to Mesarete Capital's focus and would welcome the opportunity to contribute my operational expertise and analytical capabilities to your team. I have attached my CV for your review.

Kind regards,

Nidhi Shetty

#24 — FX & Derivatives Trade Support Analyst | Martis Search

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

LinkedIn message / call script for Martin Parkinson (+44 20 3854 1281):

Hi Martin,

I saw the FX & Derivatives Trade Support Analyst role you're recruiting for and would like to discuss it further. I have over two years of trade support experience at Morgan Stanley's Prime Brokerage, managing settlement and lifecycle events for derivatives and equity products across global markets.

My background includes resolving complex settlement failures, building Python automation tools for exception monitoring, and collaborating with trading desks under tight deadlines. I'm now looking to apply these skills in a smaller, focused trading team where I can have broader impact.

Would you have time for a quick call to discuss the role and the team? Happy to send my CV across.

Best regards,
Nidhi Shetty

#25 — Senior ETF Settlements & Trade Support | Martis Search

Nidhi Shetty | +44 7368 215147 | nidhishettyuk23@gmail.com | [LinkedIn](#)

LinkedIn message / call script for Martin Parkinson (+44 20 3854 1281):

Hi Martin,

I'm interested in the Senior ETF Settlements & Trade Support role you're recruiting for. My background is in trade settlement at Morgan Stanley's Prime Brokerage, where I managed pre-matching and settlement of equity and fixed income trades across global markets — including ETF-related flows through primary and secondary market settlement channels.

I improved STP rates by 10% through Python-based reconciliation tools, resolved cross-border custody transfers, and worked within T+1 settlement frameworks. I'd welcome the opportunity to discuss this role and understand the client's specific requirements.

Are you available for a brief call this week?

Best regards,
Nidhi Shetty
