Dear Hiring Manager,

I am writing to express my interest in the Operations Analyst role at the hedge fund you are recruiting for. My background in prime brokerage operations at Morgan Stanley, combined with my technical skills in Python and advanced Excel, positions me to contribute at a senior operational level in a buy-side environment.

At Morgan Stanley, I managed complex settlement processes across multiple asset classes and geographies, built automated reconciliation tools, identified and escalated regulatory risks, and collaborated with senior stakeholders on margin and compliance matters. I am seeking an environment where I can take on broader operational ownership and contribute strategically to a fund's infrastructure.

I would welcome a conversation to understand the specific requirements and discuss how my experience aligns with the fund's needs.

Kind regards,

Nidhi Shetty
